

2025 Summer Internships for High School Students

Georgia Power's line crews (distribution and transmission), network underground and metering services play an integral part in Georgia's economy. Hospitals, government agencies, schools, businesses and individuals rely on lineworkers and other essential workers to provide reliable electrical service. If you are looking for a position in which you can make a difference and serve Georgians, consider becoming a lineworker or cable splicer, to name a few, with Georgia Power.

Job Scope:

- Develop a general knowledge of powerlines and construction standards.
- Work with crews daily performing basic work activities.
- Use basic hand tools: shovel, post hole diggers, and other basic tools.
- Help prepare overhead and underground materials for installation.
- Assist with power outage restoration.
- Interact with customers while in the field with various teams.
- Time designated for CAST (Construction and Skills Trades Test) and soft skills training.

Student Worker Requirements:

- Must be a graduating senior in the class of 2025.
- Valid driver's license and a clean driving record.
- Responsible individual with reliable transportation to and from work.
- Ability to read, understand, and follow procedures, rules and regulations.
- Ability to perform physically demanding activities while working outside in all conditions.
- Must pass pre-employment screening (drug test and background criminal check).
- Must be drug free and follow safety protocols if prescription drugs are required.
- Ability to comprehend basic safety rules and not be afraid to ask questions.
- Positive attitude, strong work ethic, willingness to take initiative and follow instructions.
- Have an interest and aptitude in linework and other essential jobs in Power Delivery.

Program Details:

- This is a paid internship: \$15/hour
- The program is approximately 8 weeks, with preferred start date in June 2025.
- Schedule: Monday through Friday, 7:00am-3:30pm (may vary based on location)
- Work Location: TBD – will be based on candidate's home location
- Every aspect of the internship will be closely supervised and evaluated by a full-time Georgia Power employee.

Dress Code (All will be provided)

- Steel toe work boots, appropriate jeans and shirt – 100% cotton or natural fibers
- Additional fire-retardant gear and other personal protective equipment (PPE).
