Course Description (Per the Georgia Department of Education): The Physical Science curriculum is designed to continue student investigations of the physical sciences that began in grades K-8 and provide students the necessary skills to have a richer knowledge base in physical science. This course is designed as a survey course of chemistry and physics. This curriculum includes the more abstract concepts such as the conceptualization of the structure of atoms, motion and forces, and the conservation of energy and matter, the action/reaction principle, and wave behavior. Students investigate physical science concepts through experience in laboratories and field work using the processes of inquiry.

**Standards**: Course Standards can be found at

https://www.georgiastandards.org/Georgia-Standards/Documents/Science-Physical-Science-Georgia-Standards.pdf

**Required Assignments:** There will be at least 5 unit tests during the course as well as various performance based assessments that require writing, research, and creativity.

**Required Materials**: Pens, pencils, colored pencils, glue sticks, and something to keep up with the papers handed out in class (binder, folder, expandable folder...etc)

**Availability for Extra Help**: I am available every IF, Thursday mornings from 8-8:25 am, and Thursday afternoons from 3:40-4:10.

**Makeup Work**: Make up work is defined as work assigned during a student's absence, not work assigned prior to an absence. The student has five (5) school days upon returning to school to complete make-up work. The teacher has the discretion to grant a longer period to make up work if there are extenuating circumstances.

## **Grading Calculations:**

<u>Course Average</u> = 50% ( $1^{st}$  Sem. Course Work) + 50% ( $2^{nd}$  Sem. Course Work)  $1^{st}$  and  $2^{nd}$  Semester Course Work = 75% Summative + 25% Formative

## **Grading Policy:**

A = 90 - 100

B = 80 - 89

C = 70 - 79

Failing = Below 70

Formative Assessments include, but are not limited to, homework, class work, labs, investigations, practice tests, rough drafts, and sections of projects/research papers/presentations.

Summative Assessments include, but are not limited to, unit tests, final projects, final essays, formal lab reports, final research papers, and final presentations.

## **Academic Integrity**

• It is the expectation of Forsyth County Schools that students exhibit academic integrity when submitting evidence of learning. When students submit evidence that does not authentically represent what they know and can do, the evidence is rendered invalid. Examples of academic dishonesty are outlined in both the Family Engagement Guide & Student Handbook and The Forsyth County Schools Code of Conduct. Depending on the severity of the situation, academic dishonesty/cheating may result in the loss of credit, completing an alternative assignment and/or disciplinary consequences up to a tribunal referral.
