2016-17 has been an outstanding year for the Partners in Education (PIE) program, with over 975 active partners working with 37 schools and various district departments. PIE provides over \$1.8 million in funding, thousands of volunteer hours and countless in-kind services to improve student achievement in all subject areas, enrich students' life experiences, help grow career opportunities, and boost educator support and morale. In 2016, the Forsyth County Education Foundation, an arm of the PIE program, gave out their first round of grants to five schools, totaling \$10,000, to support innovative teaching and increased student achievement.

Through relationships with partners students, teachers and schools are succeeding at higher levels and improving the overall quality of life in Cumming-Forsyth County. A testament to these accomplishments is the Don Hendricks Partnership Award, the highest honor that a PIE can receive. The Hendricks family established this award in 2002 after the passing of their father, a long-time member of the Board of Education. This award is given to the partner who best exemplifies "quality learning and superior performance for all" and demonstrates loyalty to the school system and to the community. Past recipients include:

- 2002 The Kroger Company Stores
- 2003 Regions Bank
