Partners In Education
Don Hendricks Partnership Award

2018-19 has been an outstanding year for the Partners in Education (PIE) program, with over 1100 active partners working with 39 schools and various district departments. PIE provides over \$2 million in funding, thousands of volunteer hours and countless in-kind services to improve student achievement in all subject areas, enrich students' life experiences, help grow career opportunities, and boost educator support and morale. The Forsyth County Education Foundation, an arm of the PIE program, has given out \$180,000 in grants to 27 schools since 2016 because of generous donations from our community partners.

Through relationships with partners students, teachers and schools are succeeding at higher levels and improving the overall quality of life in Cumming-Forsyth County. A testament to these accomplishments is the Don Hendricks Partnership Award, the highest honor that a PIE can receive. The Hendricks family established this award in 2002 after the passing of their father, a long-time member of the Board of Education. This award is given to the partner who best exemplifies "quality learning and superior performance for all" and demonstrates loyalty to the school system and to the community.
