*by Keya Brahmhatt*

FBLA is an exciting club that offers diverse competitions and opportunities that cater to many areas of expertise, but as a new member, it may be difficult to target exactly what you want to compete in. Discover the core elements of each competition and how it relates to your pathway. Pick a competition that plays to your strengths and improves your weaknesses. Don't be afraid to take on an event that challenges you, aim to be the best, take your shot, and come out on top!
