

ARTS, AUDIO-VIDEO TECHNOLOGY
AND COMMUNICATIONS CLUSTER

FILM PRODUCTION
PATHWAY

The Film Production pathway prepares students with introductory technical skill and employment needs for an entry level film production worker or to enter postsecondary education program in the audio and video technology career field. The pathway will also prepare students to participate in multiple class-created film production team simulations and film projects to develop a professional film portfolio. This portfolio may include documents, projects, documented work activities in various simulated film production departments and film clips and related projects showcasing student activities. Topics covered may include terminology, safety on a set, production teams, equipment, script writing, production, editing, post-production, and professional ethics.
