

Forsyth County Schools

Media Center Furniture Program

Contract # C23-03

The FCS media center furniture program allows each Principal and applicable system personnel the ability to procure media center furniture within their particular vision of how the media space best incorporates into their unique school culture. The pool of vendors below has been awarded a contract under this program and are able to provide consultative services, drawings and models, unique and distinct products, as well as, pricing through guaranteed contracts. Schools may meet with one or more vendors in order to see the differences in product, plans, and pricing. The following three pages provide an overview of each vendor's product offering to include web links. Please contact the purchasing department with any questions regarding this program.

Key Program Notes

- Guaranteed competitive pricing secured through government contracts
- Includes inside delivery & installation
- Freight charges from the manufacturer may apply based on product and total project cost
- Includes cleanup & debris removal
- Includes design services where applicable
- Multiple product lines available through one or more vendors
- Vendor post installation support and services
